

Website Committee  
Minutes  
7/21/09

The committee meet on Tuesday, July 21st at 6:30pm.

All members were present. We had Scott Temple as a guest.

We discussed with Scott our efforts to date relative to the development of a new website for the town. Scott has is currently hosting the present website and has worked with the town on the website. We shared ideas on the look and feel of the site; the types of information to be available; how to make minutes available; provide an easy mechanism to permit individual boards and departments the opportunity to information to the site.

Scott agreed to work with Norm to develop a potential budget for planning purposes. Once the draft budget has been developed, Norm will meet with the BOS to discuss the options and seek approval to proceed.

The next meeting is scheduled for August 18th at 6:30pm.

Respectively submitted,

Norm Gentry  
Chairman, Website Committee
