Dear Sir,

I am writing to express our thanks to the Epsom Police and Fire and Rescue Departments. Over the past several years, both Chief Preve and Chief Yeaton have offered their time, staff and services to Epsom Health Care Center. We are grateful for their efforts and our center continues to benefit from the help provided to us.

During these tough times I understand how difficult it is to maintain services. All of us at Epsom Healthcare Center appreciate the hard work and effort by your personnel. We are fortunate to have such good people.

Thank You,

~
