Meeting called the meeting to order at 5:30 PM.

August 6th meeting minutes drafted and accepted with changes.

**Discussion:**

The following items were discussed.

**ERZ & ECRC Signs**

- Mike Spoke confirmed with Adam Town and Mr. D'Amante they are okay with the signs and would like to meet for placement. Mike will let Cheryl know about the meetings.
- Mike will print the forms for the State application to get permission to place off the State ROW's. Bridgett will be the contract person at DOT for this.
- It was agreed we need two more signs, one for Windymere and one for Bartlett. The BOS will need to be updated in order to purchase two more signs. Cheryl will prepare for presentation to the BOS to get authorization.
- The EDC would like to have a workshop to explain the purpose and advantages to the Zones and the District.

**Trails Committee**

Michael and Cheryl reviewed wording to put on the website and some advertising to get people to come and find out about the trail committee and hope to get some interest for people who may be interested in joining.

**Water Main**

It is important that we make sure the warrant article gets put in for the study to identify a third well. This is the first step in the process which is a long process but there are matching grants available and the more money we have to get it started the better chances for more money for the grant.
