Motion by: Gail Quimby to approve the 04/05/2022 minutes, as amended. **Second by:** Meadow Wysocki. **Motion passed unanimously.**

Emergency Management

EMD Ted Virgin Requested an update to EOP contacts, and discussed updating the Hazard Mitigation Plan and placement of staff during an emergency due to not having dispatching capabilities or access to the entire communication system at the FD, and the benefits of using WebEOC.

EMD Ted Virgin made the board aware of a grant to share in funding of items found during Hazard Mitigation for equipment needed such as communication, culverts and anything concerning Emergency management. The board discussed the possibility of an iPad for the school that would allow Emergency personal to have access to cameras, placement, and other emergency personnel to run command from in an event, and the possibility of upgrading or new radio equipment for new and existing vehicles.

2022 Trainings

Chief Yeaton offered a CPR class in the future taught by Danielle Byrne if at least 5 people were interested, cost would be minimal and participants would be certified by the Red Cross upon completing the testing.

Chief Preve recommended looking for Trident courses on Bias/Ethical issues and de-escalation. He recommended the courses be encouraged but not mandatory. Jennifer Johnson was requested to email that link to the members of the board.
