

— NOTICE —

to Homeowners Along Electric Distribution Rights of Way

New Hampshire Electric Co-op (NHEC) has contracted with Vegetation Control Service, Inc. (VCS) to conduct an Herbicide Application Program on or adjacent to your property. VCS is an industry leader with 40 years of herbicide application experience in right of way maintenance programs.

This herbicide application will be part of NHEC's Integrated Vegetation Management Program (IVMP). A selective herbicide application will be used to control regrowth of hardwood stump sprouts from recent cutting, trimming or mowing operations on the distribution system. This is very essential to provide safe and reliable electric delivery. This selective herbicide application prevents undesirable, tall growing tree species from growing up into the conductors. It also establishes a low growing, stable plant community that allows crews working to maintain or restore power, access to the lines.

The use of herbicides as part of our IVMP is regulated by federal and state statutes and regulations. These requirements protect sensitive areas such as: Surface Waters, Public and Private Wells, Wetlands, Visually sensitive areas near roads and/or residences.

The herbicide products used for this application have been registered with the Environmental Protection Agency (EPA) and will be applied by certified applicators according to specific label directions. Applications will be selective, in that the herbicides will be applied directly to undesirable target species.

If you have any concerns about this application please contact VCS within 14 days of the date on reverse side.

This notice was delivered on: _____

Treatments are scheduled to commence on or about: _____

VCS Representative: _____

May be contacted at: **603-325-3227**

NHEC Line #: _____ Pole #: _____

Town: _____, NH

Contact Hours: **Monday-Friday / 8am-4pm**

NHEC lines can be identified by a metal tag attached to the pole with the letters "NHE CO-OP" followed by a line identification # and pole # usually immediately under the "co-op" label.

NHEC believes that our IVMP is the most responsible way to provide safe, reliable electric distribution service to our members at a reasonable cost with the least impact to our environment. Please visit our website for more information about NHEC's IVMP at:
